

TAKE AIM SHOOTING COMPLEX (TASC) RANGE RULES

1. The Range Safety Officer (RSO) has absolute authority in the shooting area. Failure to comply with the RSO is grounds for immediate removal without refund.
2. Personal Protective Equipment (PPE) must be worn at all times in the shooting area. Minimum PPE includes BOTH eye protection AND hearing protection.
 - NOTE: Spent rounds are extremely hot. Exposed skin from tank-tops, muscle shirts, sandals, and low-cut shirts increase burn risk. Dress for safety.
3. All firearms must enter our storefront AND exit the shooting area UNLOADED and INSIDE a range bag, case, or holster.
 - EXCEPTION: Lawful Open/Concealed carry pieces can remain loaded. Holstering and unholstering must still occur within the designated shooting stall;
 - NEVER in the parking lot.
 - NEVER in the retail area.
 - NEVER anywhere else on our property.
4. NEVER bring jammed firearms into the retail area.
5. Firearms not inside a range bag or case or holster must remain within the shooting stall.
6. The only safe direction to point a firearm is DOWNRANGE. Downrange means parallel with the floor and ceiling and parallel with the side walls, aiming at the bullet trap. All loading, unloading, and shooting of firearms must take place with the muzzle pointing downrange.
 - NEVER dangle a pistol at your side. (Maintain a Safe Direction)
 - NEVER turn around with firearm in hand. (Maintain a Safe Direction)
 - NEVER walk with a firearm outside of the stall. Always bring range bags and cases to the stall instead. (Maintain a Safe Direction)
 - NEVER pass firearms between stalls. (Maintain a Safe Direction)
7. No drawing from the holster.
 - EXCEPTION: During special events where holster draw has been pre-approved and during formal training sessions.
8. Shoot at authorized targets associated with your designated stall. TASC will hold those causing damage to range equipment or facilities financially liable for repairs and lost revenue.
 - NEVER shoot at the target retrieval mechanism.
 - NEVER shoot at a target found on a different lane, e.g., if you are assigned to lane #7 do not shoot at a target found on lane #6.
9. Rapid fire and double-tapping is allowed in a safe and controlled manner. At their discretion, the RSO has the ability to restrict shooting to one round per second.
10. During a CEASEFIRE, all shooting must halt immediately. Drop all magazines and clear all chambers. If using a revolver, open and clear the cylinder. Place all weapons on the table in front of you pointing DOWNRANGE. The RSO will issue further instructions. Shooting may resume with the ALL CLEAR command from the RSO.
11. Smoking, eating, drinking, chewing tobacco, and all consumables are forbidden in the shooting area.
12. All cell phones and electronic devices are forbidden in the shooting area.
13. Pregnant women are not allowed on the premises to prevent fetal exposure to Lead and loud noise.

14. Those under the influence of drugs or medications that impair motor skills or cognition are forbidden to be on the premises.
15. Those 17 years and younger are not allowed in the shooting area without an adult or guardian. The adult or guardian will be FULLY responsible for the child. Children under 12 years of age are not permitted in the shooting area at any time for insurance purposes.
16. No one is allowed to cross the firing line for any reason at any time. The firing line uses a red background stripe with white lettering reading **DO NOT CROSS**. It has been painted on the floor in front of each shooting stall.
17. Each shooter is responsible for cleaning up their shooting stall prior to leaving. You may collect your own brass BEHIND the firing line on a CEASEFIRE period. You may NOT collect brass PAST the firing line.
18. Take Aim Shooting Indoor Range is NOT responsible for personal property or equipment left on the premises.
19. Rented firearms must use factory ammunition purchased at TASC.
